

## **Mirakel** Spring Oilseed Rape

### Mirakel

HIGH OIL CONTENT, EARLINESS OF MATURITY AND VERY GOOD  
RESISTANCE TO LODGING

- » Classed as a medium / early maturing variety
- » Very high oil content and strong scores for stem stiffness and lodging resistance

## **LUMEN**

### Lumen

NEW SPRING HYBRID OILSEED RAPE FROM DLE

- » Lumen has the highest seed yield at 105% combined with a high oil content of 44.8% on the AHDB descriptive list for 2018
- » Its strongest asset is its early vigour in the spring, quickly establishing a strong rooting system and early leaf set helping to ensure maximum plant survival
- » Earliest maturing variety available with very high oil content and strong scores for stem stiffness and lodging resistance
