

HYBRID

Quadra

Seed availability 6%

MOST PROVEN AND RELIABLE HYBRID BARLEY

- » Offers the highest yield potential at 108 in the 2018 Rec. List trials and outperforms all other varieties on the list
- » Suitable for new Hybrid Barley growers. It offers consistency and an excellent disease resistance package
- » Second highest grain quality on the DAFM Rec. List 2018

Bazooka

Seed availability 10%

NEW GENERATION OF HYBRID BARLEY WITH EXCELLENT YIELD POTENTIAL

- » Excellent disease resistance and of particular interest to us in Ireland is its resistance to Net Blotch and Ramularia
- » Offers growers high specific weight potential from Hybrids

Belfry

Seed availability 11%

NEW VARIETY FOR IRELAND IN 2018 WITH SUPERIOR STRAW QUALITY AMONGST HYBRIDS

- » Excellent straw characteristics, with very good resistance to brackling and has the shortest straw across all Hybrid varieties
- » As with all Hybrid Barleys, it has excellent disease resistance and high yield potential

CONVENTIONAL

KWS Kosmos

Seed availability 6%

HIGHEST YIELDING CONVENTIONAL VARIETY

- » Exciting new 6-row conventional barley. Provisionally recommended
- » Yielded in the DAFM Rec. List trials 2018 at 107 and was second only to Hybrids
- » Excellent straw strength, disease resistance and good grain quality for a conventional six row
